

OSS
ORGANIZATION OF
SELF-INSURED SCHOOLS

April 2, 2012

MEMORANDUM FOR: JPA Liaisons
JPA Contact People/Safety Officers
Safety Officers

SUBJECT: New Playgrounds

This is just a reminder that for the past ten years California law has required that newly installed playground equipment be determined to be safe prior to its utilization. The method to establish this, that gives the greatest degree of protection to the district and the JPA, is to require that the manufacturer provide a letter indicating the equipment and installation have been inspected by one of their certified playground safety inspectors (CPSI). When you receive this letter, please email me a copy and I will arrange a visit to the school. Thank you.

If you have any questions please contact me.

Henry Brock
Risk Manager
